"Strength in Construction"

Who We Are

SETEX Construction Corporation is an experienced full service General Contractor and Construction Manager servicing Texas and Louisiana. We provide pre-construction, construction management, general contracting and facilities maintenance services.

SETEX's team building ability to work with any architects, engineers, owners, subcontractors, and suppliers gives us the leading edge over the competition.

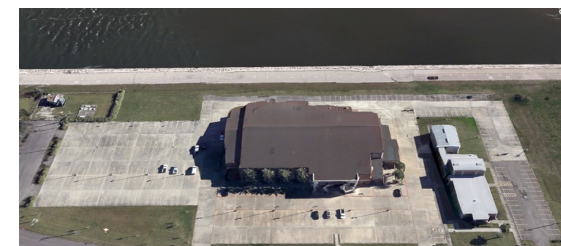

Why SETEX Construction?

SETEX Construction Corporation's mission is to continue being the premier construction firm in our market area by utilizing our diverse experience. SETEX relies heavily in conservative work ethics, established by our founders decades ago: Honor, Integrity, and a Commitment to Excellence.

Our experience in architectural design, civil engineering, construction management, subcontracting, and accelerated project completion is the reason why...we are "Strength in Construction".
